Please fill out the above information and list each field that you want insured for the current year before going into the County Department of Revenue Office. Fields must be listed according to the section in which they are located. The County DOR representative will transfer your figures onto your hail policy and keep this form on file in their office. **Acres and dollar amounts must be accurate. Please round the acres to the nearest whole number. A separate sheet must be filled out for property to be insured in another county.**

DIRECTIONS

INSURED'S SHARE: Please list your share of coverage: i.e. 100%, 50%, 33%, etc.

ACRES INSURED AND TYPE OF CROP: Please list only full acres and complete fields. We are unable to insure partial fields. Crops are to be listed specifically: i.e. winter wheat, spring wheat, barley, irrigated barley, oats, irrigated oats, etc.

SECTION, TOWNSHIP, RANGE: Please show the legal description of your field. If the field crosses sections, townships, or ranges, please list them all for that field.

COVERAGE PER ACRE: The maximum amount of coverage for non-irrigated crops is \$50/acre and \$76/acre for irrigated crops. Please show your crop share. The insured may take any amount of coverage between \$1 and \$50/acre for non-irrigated and \$1 and \$76/acre for irrigated crops.

1/4 OR 1/2 SECTION COLUMN: If the field has less than 160 acres, list 1/4 section and if the field has less than 320 acres, list 1/2 section for proper legal description.

EXAMPLE 1 (see field 1 below): You have a 200 acre field of spring wheat in South ½, Section 26, Township 24 North, Range 48 East and you want 100% coverage (\$50/acre).

EXAMPLE 2 (see field 2 below): You have multiple strips in several sections totaling 600 acres of barley to be insured in Sections 3, 4, 5, Township 24 North, Range 48 and you want 2/3 or 66% coverage (\$33.00/acre).
